

CUI Roundtable Breakfast Seminar in association with the Clean Air Partnership:

## ***Kyoto Goes Live! Can Canada Follow Through on its Commitment?***

**Toronto, February 4, 2005** – On February 16 the quantitative targets for emissions reduction become a legal reality. The challenges for Canada are enormous, but so are the opportunities. What effect will the international carbon trading market have on investments in sustainability? How is Cuba's investment strategy linked to industry in North America? What is the state of play in Ontario? Learn how the Clean Air Partnership is mobilizing resources to respond to the One Tonne Challenge with One Tonne Toronto. Find out how "green" buildings can help put a practical face on the Kyoto challenge.
